**The Band....** IDIOT PROOF is a back-to-basics rockcoverband, consisting of four heart 'n' soul musicians. The band has been around in the music scene since 1993. The playlist shows songs which are a good reflection of the rockmusic in the seventies and eighties (e.g. AC/DC, Motörhead, Lynyrd Skynyrd, ZZ Top). But also bands of the present time are well-covered: Muse, Rammstein, Rage Against The Machine, Metallica. Powerful drumming, a pumping bass, a great guitar sound and a raw voice invite the audience to join in and party along. Time after time the band makes a strong impression on the people watching and listening. Not only because of the professional instrumental quality, but also because of the three-piece vocals and the talent to put beginnings and endings of different songs fluently together. The playlist contains several compilations (e.g. Queen, Status Quo, John Mellencamp/ACDC and Rammstein).

**The References...** The band is very much capable of turning any night into a real rock-party, proved by the many places where IDIOT PROOF has played (and at some places repeatedly), such as (private) parties, bikers meetings and various well-known rockbars, festivals and concerthalls. Not only in The Netherlands, but also at bikers events in Belgium, Luxemburg, Denmark, Germany and Austria.

**The CD's....** IDIOT PROOF is a genuine live-band. However, over the years 3 CD's of this band have been released: **EAT YOUR HEART OUT!!** (Jan. 1999), **100% IDIOT PROOF** (Jan. 2000) and **BACK ON TRACKS** (March 2003).

<b>The Men....</b>	Patrick van Riet	- drums, vocals
	Marcel van de Poel	- bass, vocals
	Richard van Leeuwen	- guitar
	Frans Gooren	- leadvocals, guitar
